Index to Volumes 32, 33 and 34

(1952, 1953 and 1954)

NOTE: The volume year is in *italic* type. Page numbers of symposium and clinic titles are in **boldface** type.

SYMPOSIA

1952

February (Chicago)	RECENT ADVANCES IN SURGERY
April (New York)	BASIC SCIENCES IN SURGICAL PRACTICE
June (Lahey Clinic)	ORTHOPEDIC SURGERY AND NEUROSURGERY
August (Mayo Clinic)	SOME ASPECTS OF SURGERY OF THE ENDOCRINE GLANDS
October (Johns Hopkins)	1. PEDIATRICS
(Scott and White Clinic)	2. GASTROINTESTINAL SURGERY
December (Philadelphia)	SAFEGUARDS IN SURGICAL DIAGNOSIS

1953

February (Chicago)	OBSTETRICS AND GYNECOLOGY
April (New York)	SURGERY AND CANCER
June (Lahey Clinic)	SURGICAL LESIONS OF THE NECK AND UPPER MEDIASTINUM
August (Ochsner Clinic)	1. VASCULAR SURGERY
(Wayne University)	2. SURGERY OF TRAUMA
October (Nationwide)	AMBULANT SURGERY
December (Philadelphia)	ORTHOPEDIC SURGERY

1954

February (Chicago)	GASTROINTESTINAL SURGERY
April (New York)	NEW TECHNIQUES IN SURGERY: RATIONALE AND METHODS
June (Lahey Clinic)	SURGICAL PROCEDURES ON AGED AND POOR RISK PATIENTS
August (Toronto)	1. THORACIC SURGERY
(Nationwide)	2. NEUROLOGICAL SURGERY
October (Pacific Coast)	TOTAL CARE OF THE SURGICAL PATIENT
December (Philadelphia)	OBSTETRICS AND GYNECOLOGY

ABDOMEN, acute surgical conditions, in aged and poor risk patient, *1954:* June, **745–759**
emergencies, and unrelated urologic disease, *1952:* Dec., 1701
requiring immediate operation, *1954:* Feb., **27–52**
examination, in pain of female genital origin, *1952:* Dec., 1718
in uterine cancer, *1952:* Dec., 1733
Abdomen, incisions, *1952:* April, 557
injuries, *1954:* Feb., 28
management, immediate, *1954:* Oct., 1460
nonpenetrating, *1953:* Aug., **1179–1186**
anesthesia for, *1953:* Oct., 1501
diagnosis and early care in, *1953:* Oct., **1497–1503**

Abdomen, injuries, nonpenetrating, exploration and repair, *1953:* Oct., 1500
preliminary measures, *1953:* Oct., 1500
time of operation, *1953:* Oct., 1500
ward care, *1953:* Oct., 1502
lesions in right upper quadrant, diagnosis, *1952:* Dec., 1699
masses in, complicating pregnancy, *1952:* Dec., 1712
diagnosis, *1952:* Dec., 1707
pain, and tenderness in obstetrical patients, *1952:* Dec., 1710
intractable, relief of, *1954:* Feb., **269–275**
of female genital origin, *1952:* Dec., **1717–1727.** See also under *Pain.*
surgery of, anesthesia for, *1952:* Oct., **1539–1545;** *1954:* Feb., **17–26**
parenteral fluids and electrolytes in, *1954:* Feb., **3–16**
symposium on, *1952:* Oct., **1425–1545;** *1954:* Feb., **1–285**
wall of, surgical anatomy, *1952:* April, **545–574**
x-ray film in urological trauma, *1953:* Oct., 1485
Abdominothoracic operations, combined, in treatment of surgical abdominal lesions, *1954:* Feb., **95–112**
Abduction of thumb after procedures in first web space, *1953:* Oct., 1307
Abductor pollicis longus in stenosing tenovaginitis, *1953:* Oct., 1321, 1326
Ablatio placentae. See *Abruptio placentae.*
Abortion, *1952:* Dec., 1724
etiology, *1953:* Feb., 5
mechanism, *1953:* Feb., 4
threatened, *1953:* Feb., **1–15**
prognosis based on pregnanediol determinations, *1953:* Feb., 7, 11
Abruptio placentae, *1954:* Dec., 1529
cesarean section in, *1953:* Feb., 111
diagnosis, *1954:* Dec., 1530
etiology, *1954:* Dec., 1530
in hypertensive disease in pregnancy, *1953:* Feb., 30
incidence, *1954:* Dec., 1529
prognosis, *1954:* Dec., 1531
symptoms, *1954:* Dec., 1530
treatment, *1954:* Dec., 1531
types, *1954:* Dec., 1529
Abscess. See also under names of organs.
perianal, *1953:* Oct., 1400
pericholecystic, *1954:* Feb., 163
peridiverticular, with fistula formation, *1952:* Feb., 95
pilonidal, *1952:* Aug., 1251, 1253
subphrenic, following biliary tract surgery, *1954:* Oct., 1388
Abscess, tubo-ovarian, intraperitoneal rupture, *1952:* Dec., 1722
Acetabulum, diagnostic roentgen view, *1953:* Dec., **1565–1569**
fracture, malunited, with traumatic dislocation of hip, *1953:* Dec., **1551–1557**
Achalasis, signs and symptoms, *1952:* Dec., 1652
Achromycin in surgical infections, *1954:* Oct., 1308
Acid burns, of esophagus, *1954:* April, 344
of eye, *1953:* Aug., 1107
Acidity, gastric, in carcinoma of stomach, *1952:* April, 594, Oct., 1429
Acidosis in gastrointestinal surgery, *1954:* Feb., 15
Acromioclavicular joint, subluxations, *1953:* Oct., 1354
ACTH, in crush injuries of hand, *1954:* April, **363–374**
in hemolytic states, *1954:* Feb., 129
in wound healing, *1952:* April, 435
physiologic effects, *1952:* April, 350, 353
properties calling for extreme care in use, *1954:* Oct., 1215
use and abuse in surgery, *1952:* Aug., **1105–1107**
uses in general surgery, *1954:* Oct., **1201–1218**
contraindications, *1954:* Oct., 1215
Actinomycosis of cervical lymph nodes, *1953:* June, 708
Adamantinoma, *1952:* Aug., 1168
Adaptation syndrome, general, *1953:* Oct., 1418
Addison's disease, surgery in, anesthesia for, *1952:* Aug., 1110
Adenitis, tuberculous, cervical, *1953:* June, 708
roentgen treatment, *1953:* June, 710
Adenocarcinoma, infiltrating, atypical, *1953:* Oct., 1395
polypoid adenoma sheltering, *1953:* Oct., 1396
Adenoma, chromophobe, stroke-like syndrome in, *1954:* June, 650
discrete, versus multinodular goiter, *1952:* Dec., 1618
of rectum and rectosigmoid, surgical management, *1954:* April, **561–565**
parathyroid, *1952:* Aug., 1034; *1953:* June, **723–737**
in mediastinum, *1953:* April, 421
pathologic diagnosis, *1952:* Aug., 1044, 1046
polypoid, sheltering adenocarcinoma, *1953:* Oct., 1396
Adenomatosis, *1952:* Dec., 1804
of colon, polypoid, total colectomy for, one-stage, *1954:* April, **509–522**

Adhesions, intestinal obstruction due to, *1954:* June, 731
peritoneal, postoperative, prevention, *1952:* June, **903–908**
Adrenal cortex, lesions, *1952:* Aug., 1054
physiology, *1952:* April, **347–357**
role in shock, *1953:* Aug., 1140
Adrenal glands, anatomy, *1952:* Aug., **1133–1137**
anomalies, *1952:* Aug., 1137
diseases, surgery in, anesthesia for, *1952:* Aug., 1110
lesions, *1952:* Aug., **1053–1064**
tumor, cortical, combined abdominothoracic operation in, *1954:* Feb., 96
Adrenal insufficiency, potential, in colonic and rectal surgery, *1954:* Oct., 1427
surgery for, cortisone and hydrocortisone in, *1954:* Oct., 1206
Adrenal medulla, lesions, *1952:* Aug., 1061
Adrenalectomy, bilateral, cortisone and hydrocortisone in, *1954:* Oct., 1206, 1207
in carcinoma of breast, *1953:* April, 320
Adrenocortical steroids, chemical structure, *1952:* April, 349
metabolic effects, *1952:* April, 350
Adrenogenital syndrome, *1952:* Aug., 1054; *1954:* Dec., 1621
surgical treatment, ACTH, cortisone and hydrocortisone in, *1954:* Oct., 1207
Afibrinogenemia, diagnosis, *1954:* Dec., 1604
laboratory studies, *1954:* Dec., 1605
management, *1954:* Dec., **1601–1613**
Age, as contraindication to mitral commissurotomy, *1952:* Dec., 1814
of patient, relation of bone neoplasms, *1952:* Dec., 1749
Aged persons, pre- and postoperative care, *1954:* Oct., **1473–1477**
surgical procedures on, symposium on, *1954:* June, **587–863**
Air, importance in gastrointestinal distention, *1952:* Feb., **71–80**
Air embolism, venous or pulmonary, *1954:* Oct., 1274
Alevaire in abdominal surgery, *1954:* Feb., 24
Alkali burns of esophagus, *1954:* April, 344
Alkalosis in gastrointestinal surgery, *1954:* Feb., 15
Allis sign in hip dysplasia, *1953:* Dec., 1636
Alpha-tocopherol, clotting and, *1952:* April, 382
Aluminum gels in urinary tract calculi, *1952:* Feb., 308, 317
Ambulation, early, in wound healing, *1952:* April, 434
of injured patient, criteria for, *1953:* Aug., **1059–1068**
Ammonium chloride, in electrolyte deficiency, *1952:* Feb., 27
in gastrointestinal surgery, *1954:* Feb., 15
Amniotic fluid, embolism due to, *1954:* Oct., 1273
Ampulla of Vater, carcinoma, *1953:* April, 486
Amputation, in peripheral vascular disease, *1952:* Feb., 272
of fingers, traumatic, *1953:* Aug., 1087
Amylase, serum, in biliary-pancreatic cancer, *1953:* April, 466
Anal canal, reconstructed, care of, *1953:* Oct., 1403
Analgesia, caudal, continuous, in obstetrics, *1953:* Feb., 42
Anastomosis, primary, in diverticulitis of colon, *1952:* Feb., 106
splenorenal, for esophageal varices, *1953:* Aug., 978
vascular, *1952:* April, 532
Androblastoma, *1953:* Feb., 305
Androgen therapy, in carcinoma of breast, *1953:* April, 319; *1954:* Oct., 1330
in dysfunctional bleeding, *1953:* Feb., 190
Anectine in abdominal surgery, *1954:* Feb., 19
Anel's operation, *1953:* Aug., 948
Anemia, hemolytic, acquired, splenectomy in, *1954:* Feb., 128
splenectomy for, ACTH, cortisone and hydrocortisone in, *1954:* Oct., 1210
sickle cell, in differential diagnosis of hematogenous osteomyelitis, *1953:* Dec., 1671
Anesthesia, curare in, *1952:* Feb., 329
cyclopropane, *1952:* Feb., 325
in abdominal surgery, *1954:* Feb., 18
in surgery of trauma, *1953:* Aug., 1212
effect on renal function, *1952:* April, 620
endotracheal, in neck surgery, *1953:* June, 857
in trauma, *1953:* Aug., 1209
ether, *1952:* Feb., 327
in abdominal surgery, *1954:* Feb., 17
for abdominal injuries, nonpenetrating, *1953:* Oct., 1501
for abdominal surgery, *1954:* Feb., **17–26**
for anorectal infection, *1953:* Oct., 1401
for arteriography, *1953:* June, 862
for biliary tract operations, *1954:* Oct., 1382

Anesthesia, for cardiac surgery, *1952:* April, **655–665**
for cardiovascular surgery, *1954:* Aug., 1015
for cesarean section, *1953:* Feb., 119
for colon surgery, *1954:* Feb., 221, Oct., 1427
for encephalography and arteriography, *1952:* June, **811–816**
for esophageal operations, *1954:* Aug., 1014
for esophagoscopy, *1953:* June, 860
for finger tip injuries, *1953:* Oct., 1311
for gastrointestinal surgery, *1952:* Oct., **1539–1545**
for laryngectomy, *1953:* June, 861
for laryngoscopy, *1953:* June, 860
for ligation of internal carotid artery, *1953:* June, 862
for mitral commissurotomy, *1952:* Dec., 1819
for mitral stenosis surgery, *1954:* Aug., 882, 1015
for poor risk patient, *1954:* Oct., **1249–1263**
for prostatectomy, *1952:* Feb., 301
for pulmonary resection, *1952:* April, 510
for radical surgery for head and neck cancer, *1953:* April, 335
for reduction of intertrochanteric fractures, *1953:* Dec., 1561
for repair of diaphragmatic hernia, *1954:* Aug., 1014
for surgery, of neck, *1953:* June, **847–855**
of trauma, *1953:* Aug., **1207–1214**
for thoracic surgery, *1954:* Aug., **1007–1018**
for thyroidectomy, *1953:* June, 765
for tracheotomy, *1953:* June, 861
general, in physical examination of head and neck, *1952:* Dec., 1606
physiologic aspects, *1952:* April, **645–654**
in endocrine diseases, *1952:* Aug., **1109–1114**
in obstetrics, *1952:* Dec., 1709; *1954:* Dec., **1551–1560**
deaths from, evaluation, *1954:* Dec., 1551
management of normal case, *1954:* Dec., 1552
special problems, *1954:* Dec., 1554
in presence of multiple injuries, *1952:* April, 674
intravenous, in surgery of trauma, *1953:* Aug., 1212
management, in elderly patient, *1954:* June, 619
pentothal sodium, *1952:* Feb., 327
positive pressure, gastric distention in, *1952:* Feb., 75
present status, *1952:* Feb., **325–333**
Anesthesia, regional, in obstetrics, present status, *1953:* Feb., **41–75**
in surgery of trauma, *1953:* Aug., 1213
saddle block, for cesarean section, *1953:* Feb., 73
in obstetrics, *1953:* Feb., 42, 43
benefits and dangers to fetus, *1953:* Feb., 46, 47
spinal, *1952:* Feb., 331
continuous, for cesarean section, *1953:* Feb., 70, 72
in abdominal surgery, *1954:* Feb., 19
in obstetrics, *1953:* Feb., **41–75**
in surgery of trauma, *1953:* Aug., 1211
topical, in physical examination of head and neck, *1952:* Dec., 1605
Anesthesiologist, role, in prevention of postoperative pulmonary complications, *1954:* Oct., 1369
Anesthetics, hepatotoxic potential, *1952:* April, 600
Aneurysm, arterial, *1952:* Dec., 1566
intracranial, management, *1953:* Aug., **1003–1021**
peripheral, treatment, *1953:* Aug., **945–951**
surgical, *1952:* June, **955–960**
arteriovenous, *1952:* Dec., 1566
cirsoid, of neck, *1953:* June, **717–721**
of brain, *1952:* Dec., 1582
carotid-cavernous, *1952:* Dec., 1567
false, *1953:* Aug., 1160
in carotid canal, *1952:* Dec., 1571
intracranial, angiography in, *1952:* Feb., 218, April, 497; *1954:* Aug., 1051
cerebrospinal fluid findings, *1952:* Dec., 1571
clinical picture, *1952:* Dec., 1568
diagnosis, *1953:* Aug., 1005
differential diagnosis, *1952:* Dec., 1577
head pain in, *1952:* June, 769
pathology, *1952:* Dec., 1566
roentgenographic findings, *1952:* Dec., 1572
ruptured, treatment, *1954:* Aug., **1063–1075**
surgical diagnosis and treatment, *1952:* Dec., **1565–1583**
treatment, *1953:* Aug., **1003–1021**
mediastinal, *1952:* Dec., 1690
of carotid in carotid canal, *1952:* Dec., 1581
of great vessels, treatment by wiring, *1953:* Aug., **1049–1055**
of intracranial portion of internal carotid artery, *1952:* Dec., 1581
popliteal, surgical treatment, *1952:* June, **955–960**
racemose, *1952:* Dec., 1566
treatment, principles, *1952:* April, 540

Aneurysm, venous, of brain, *1952:* Dec., 1572
Aneurysmorrhaphy, *1952:* June, **955–960**
Angiography, carotid, *1952:* Feb., 218, April, 494; *1953:* Aug., 1006
cerebral, *1952:* Feb., 217, April, 494
in diagnosis of intracranial lesions, *1954:* Aug., **1051–1062**
recent advances, *1952:* Feb., 217
in intracranial aneurysms, *1953:* Aug., 1006
vertebral, *1953:* Aug., 1008
percutaneous, technique and value, *1952:* June, **801–810**
Angiolymphoma of mediastinum, *1954:* Aug., 976
Angioma, cerebral, angiography in, *1952:* April, 497
Ankle joint, epiphyseal injury at, *1953:* Dec., **1611–1621**
complications, *1953:* Dec., 1616
diagnosis, *1953:* Dec., 1615
pathology, *1953:* Dec., 1612
treatment, *1953:* Dec., 1616
of deformity, *1953:* Dec., 1617
Anomalies, congenital, accessory bones, and osteochondritis in feet of 850 children, *1953:* Dec., **1643–1666**
of foot. See under *Foot.*
proctologic, *1953:* Oct., 1406
Anorectum, infection of, *1953:* Oct., 1399
anesthesia in, *1953:* Oct., 1401
surgery of, postoperative convalescent management, *1953:* Oct., 1401
pre- and postoperative management, *1954:* Feb., 255
problems and techniques in, *1954:* Feb., **241–267**
surgical spaces, *1954:* Feb., 253
Anoscopy, *1953:* Oct., 1394
Anoxia, fetal, in delivery by saddle block anesthesia, *1953:* Feb., 59
Antepartum hemorrhage, *1954:* Dec., **1523–1533**
Antibiotics. See also individual drugs, as *Penicillin*, etc.
choice of, *1952:* April, 395
dosages, adequate, *1952:* April, 399
in brain abscess, *1952:* Feb., 225
in cellulitis, *1952:* Oct., 1272
in lymphangitis, *1953:* Oct., 1272
in osteomyelitis, hematogenous, *1953:* Dec., 1672
in postphlebitic syndrome, *1953:* Oct., 1240
in radical surgery of head and neck, *1953:* April, 344
in surgical infections, *1952:* April, **387–403**; *1954:* Oct., 1302
minor, criteria for selection and employment, *1953:* Oct., 1262
Antibiotics, in surgical infections, minor, doses recommended, *1953:* Oct., 1266
in thoracic surgery, open, *1952:* April, 519
in urinary infections, *1952:* Feb., 311
in wounds, *1952:* April, 437
prophylactic use, *1952:* April, 400
sensitivity reactions, *1954:* June, 615, Oct., 1302
use, in surgery of aged, *1954:* June, **609–618**
laboratory services and, *1952:* April, 396, 397
Anticoagulants, *1952:* April, 372
hemorrhage due to, management, *1952:* April, 379
in postphlebitic syndrome, *1953:* Oct., 1241
in surgery, *1952:* April, **369–386**
use, during antibiotic therapy, *1952:* April, 380
indications and contraindications, *1952:* April, 381
length of time for, *1952:* April, 378
long-term, *1952:* April, 382
Antipyretic agents, ACTH and corticoids as, *1954:* Oct., 1213
Antisepsis, intestinal, preoperative, *1954:* Oct., 1425
Antithyroid drugs, in hyperthyroidism, *1952:* Feb., 156, Aug., 982
in hyperthyroidism, preoperative, *1952:* Feb., 158; *1953:* June, 758; *1954:* Oct., 1360, 1361
Anus, abscess, surgical treatment, *1954:* Feb., 251
ectopic, vaginal, *1954:* Dec., 1625
fissure, *1953:* Oct., 1400
excision of, *1954:* Feb., 249
fistula, pathogenesis, *1954:* Feb., 252
surgical treatment, *1954:* Feb., 251
imperforate, *1952:* Feb., 87; *1953:* Oct., 1406
infection, *1954:* Feb., 241
injuries, treatment, *1953:* Aug., **1193–1206**
stenosis of, partial, *1953:* Oct., 1407
Aorta, arch of, anomalies, *1952:* Oct., **1321–1325**
double, surgery, *1952:* Feb., 252
coarctation, *1952:* Oct., **1313–1321**
diagnostic features, *1952:* Oct., 1315
operation for, anesthesia in, *1952:* April, 661
surgical treatment, *1952:* Feb., 249, Oct., 1318
present status, *1954:* Aug., 904
results, *1952:* Oct., 1320
terminal, arteriosclerotic occlusion, surgical treatment, *1954:* April, **403–414**
transposition with pulmonary artery, congenital, *1952:* Oct., 1292

Aortography, translumbar, *1954:* April, 405
Apicolysis in tuberculosis, *1954:* Aug., 938
Apophysitis of os calcis, *1953:* Oct., 1381
Apoplexy, brain tumor simulating, *1954:* June, **643–654**
uteroplacental. See *Abruptio placentae.*
Appendicitis, acute, *1954:* Feb., 34
in aged, *1954:* June, 747
in pregnancy, diagnosis, *1952:* Dec., 1710
Appendix, carcinoids, *1954:* Feb., 188
carcinoma, *1952:* Oct., 1520
mucocele, *1954:* Feb., 189
Arachnoido-ureterostomy for nonobstructive hydrocephalus, *1952:* Oct., 1355
Arachnoid-peritoneoscopy for hydrocephalus, *1954:* Aug., 1031
Arachnoid-ureteral shunt for hydrocephalus, *1954:* Aug., 1029, 1030
Arachno-peritoneostomy for nonobstructive hydrocephalus, *1952:* Oct., 1354
Arnold-Chiari malformation, *1952:* Oct., 1332, 1333; *1953:* June, **847–855**
treatment, *1954:* Aug., 1033
surgical, *1952:* Oct., 1340
Arrhenoblastoma of ovary, *1953:* Feb., 285, 296
Arteriectomy in arteriosclerosis obliterans, *1952:* Feb., 268
Arteriography, anesthesia for, *1952:* June, **811–816**; *1953:* June, 862
in diagnosis, of aneurysm of intracranial arteries, *1952:* Dec., 1572
of subarachnoid hemorrhage, *1952:* Dec., 1595
of carotid system, percutaneous method, *1952:* Dec., 1574
Arteriosclerosis, cerebral, angiography in, *1954:* Aug., 1054
foot infections in, enzymatic-surgical treatment, *1954:* April, **415–421**
in diabetic, *1952:* Feb., 273
large vessel, diffuse, *1952:* Feb., 265
segmental, *1952:* Feb., 264
small vessel, diffuse, *1952:* Feb., 264

operations for pulmonary tuberculosis, *1954:* Aug., 934
Draping of patient in radical head and neck surgery, *1953:* April, 337, 339
Drug reaction, ACTH, cortisone and hydrocortisone in, *1954:* Oct., 1212
Ductus arteriosus, patent, *1952:* Oct., **1299–1312**
diagnostic features, *1952:* Oct., 1301
surgical treatment, *1952:* Feb., 247, Oct., **1299–1312**
anesthesia in, *1952:* April, 658
present status, *1954:* Aug., 904
results, *1952:* Oct., 1307
Dührssen's incisions in desultory labor, *1953:* Feb., 130.
Duodenitis, chronic cicatrizing, *1952:* June, 885
Duodenum, aberrant pancreas of, *1952:* June, 877
carcinoids, *1954:* Feb., 184
carcinoma, *1952:* June, 896
diverticulum, *1952:* June, 883
drainage in liver disease, *1952:* April, 605
leiomyoma, *1952:* Feb., 113, 114
lesions, uncommon, surgical treatment, *1952:* June, **877–898**
lipoma, *1952:* June, 892
lymphoma, malignant, *1952:* June, 893
obstruction in infants and children, *1952:* Feb., 83
operations, complications, *1954:* Oct., 1399
pre- and postoperative management in, *1954:* Oct., **1391–1402**
polyps, *1952:* June, 889
tuberculosis, *1952:* June, 887
ulcer of. See *Peptic ulcer.*
Dupuytren's contracture, surgical management, *1952:* Feb., **233–245**
Dysgerminoma, *1953:* Feb., 290
Dysmenorrhea, primary, *1952:* Dec., 1720
Dysplasia, fibrous, of bone, hyperparathyroidism and, differentiation, *1952:* Aug., 1024
Dystocia, bony outlet, management, *1954:* Dec., 1586
cervical, management, *1954:* Dec., 1586
clinical management, *1954:* Dec., **1579–1589**
clinical mensuration, *1954:* Dec., 1562
contraction criteria, *1954:* Dec., 1567
detection of, modern, *1954:* Dec., **1561–1578**
procedure, methods of, *1954:* Dec., 1561
midpelvic plane, management, *1954:* Dec., 1585
pelvic inlet, management, *1954:* Dec., 1584
roentgen mensuration, *1954:* Dec., 1567

Ear(s), injuries, *1953:* Aug., 1100
Edema, postoperative, in thyroid surgery, *1953:* June, 868, 871
Effusion, pleural, as symptom of lung cancer, *1952:* Dec., 1666
synovial, traumatic, *1952:* Dec., 1773
Efocaine in abdominal surgery, *1954:* Feb., 24
Eicher prosthetic arthroplasty of hip, *1954:* June, 834
Elbow pain, persistent, radiohumeral synovitis as cause of, *1953:* Oct., **1363–1371**
Electrodiagnostic procedures, in cervical disk herniations, *1952:* Dec., 1787
in lumbar disk herniations, *1952:* Dec., 1781
Electroencephalography, diagnostic value, *1952:* Feb., 224, April, 492
in diagnosis of intracranial aneurysm, *1952:* Dec., 1577
Electrolyte(s), estimation of amounts needed in depleted patients, *1952:* Feb., 18
in gastrointestinal surgery, *1954:* Feb., **3–16**
in surgery, *1952:* Feb, **3–28**, April, **445–469**; *1954:* Oct., **1231–1237**
loss, effects before onset of shock, *1952:* April, 623
metabolism of, *1952:* Feb., 4
postoperative disturbances, clinical approach, *1954:* April, **323–342**
requirements, *1952:* Feb., 18, 22, April, 452
in elderly patients, *1954:* June, **587–593**, Oct, 1476
Electromyography, diagnostic value, *1952:* Feb., 225
Embolectomy, technical considerations, *1953:* Aug., 963
Emboli, fibrin, *1954:* Dec., 1602
Embolism, *1954:* Oct., **1271–1287**
air, venous or pulmonary, *1954:* Oct., 1274

Embolism, arterial, peripheral, surgical treatment, *1952:* Feb., 277
treatment, *1953:* Aug., 962
bone marrow, *1954:* Oct., 1272
fat, *1954:* Oct., 1271
from amniotic fluid, *1954:* Oct., 1273
from cotton fibers, *1954:* Oct., 1273
mesenteric, *1954:* Feb., 49
post-transfusion, *1954:* Feb., 284
pulmonary, physiology of, *1954:* Oct., 1276
postoperative, in aged, *1954:* June, **839–845**
prevention and treatment, *1954:* Oct., 1279
vena cava ligation in, *1953:* Aug., 969
treatment, principles, *1952:* April, 540
tumor, *1954:* Oct., 1275
Embolization, arterial, as contraindication to mitral commissurotomy, *1952:* Dec., 1818
Emergency, abdominal, and unrelated urologic disease, *1952:* Dec., 1701
surgical, of female genital origin, recognition and management, *1952:* Dec., 1719
Empyema of gallbladder, *1954:* Feb., 161
Encephalocele, *1952:* Oct., 1327, 1329, 1330
plastic repair, *1952:* Oct., 1341
results of surgery, *1952:* Oct., 1334
Encephalography, anesthesia for, *1952:* June, **811–816**
Enchondromas, roentgen diagnosis, *1952:* Dec., 1757
Endo-aneurysmorrhaphy, Matas', *1953:* Aug., 948
Endocarditis, bacterial, subacute, as contraindication to mitral commissurotomy, *1952:* Dec., 1816
Endocrine factors in sterility, *1953:* Feb., 180
Endocrine glands, anatomy, *1952:* Aug., **1115–1140**
diseases, anesthesia in, *1952:* Aug., **1109–1114**
surgery of, symposium on, *1952:* Aug., **981–1140**
Endometrioma of ovary, *1953:* Feb., 290
Endometriosis, *1952:* Dec., 1723
Endometrium, biopsy. See *Biopsy, endometrial.*
carcinoma, *1954:* June, **791–799**, Dec., 1645, **1685–1695**
age of patients, *1954:* Dec., 1690
diagnosis, *1954:* Dec., 1688
extent of disease, *1954:* Dec., 1690
pathology, *1954:* Dec., 1687
surgery of, present trends, *1952:* Feb., 203
symptomatology, *1954:* Dec., 1687
treatment, *1954:* Dec., 1688
type, *1954:* Dec., 1690
Endosalpingioma, *1953:* April, 557, 578
Endothelioma, of bone, *1952:* Dec., 1752
of spleen, *1953:* April, 493, 495
Endothracheal tube, use, in anesthesia in poor risk patient, *1954:* Oct., 1258
in thoracic surgery, *1954:* Aug., 1009
Enema tip, rectal injury by, *1953:* Aug., 1200
Enteritis, acute, *1952:* Oct., 1463
regional, *1952:* Oct., 1464
preoperative preparation, ACTH, cortisone and hydrocortisone in, *1954:* Oct., 1208
Enterostomy, care of patient after, *1954:* Oct., 1432
Enzymatic-surgical treatment of chronic infections of feet in diabetic and arteriosclerotic patients, *1954:* April, **415–421**
Enzymes in bone metabolism, *1953:* Dec., 1749
Ependymoma of spinal cord, *1954:* Aug., 1115
Epidermoid cysts of mediastinum, *1954:* Aug., 965
Epidural hematoma, treatment, *1954:* Aug., 1086
Epilepsy, focal, surgical treatment in conditions other than brain tumor, *1952:* June, **771–779**
treatment, recent advances, *1952:* Feb., 230
Epinephrine in cardiac arrest, *1954:* Oct., 1294
Epiphyseal injury at ankle joint, *1953:* Dec., **1611–1621**. See also *Ankle Joint.*
Epithelioma of jaws, *1952:* Aug., 1161
Epulis, *1952:* Aug., 1160
Equinovalgus deformity of foot, *1953:* Dec., 1741
Ergotrate in labor, *1954:* Dec., 1595
Erysipeloid, *1953:* Oct., 1272
Erythromycin in surgical infections, *1954:* Oct., 1310
Esophagectomy with replacement, *1954:* Aug., **979–995**
Esophagitis, corrosive, *1954:* April, 346
Esophagoduodenostomy, after total gastrectomy, *1954:* April, **441–456, 457–471**
postgastrectomy syndrome and, *1954:* April, **457–471**
technique, *1954:* April, 444
vs. esophagojejunostomy for restoring continuity after gastrectomy, *1954:* April, 463
Esophagogastric junction, carcinoma, combined abdominothoracic operation in, *1954:* Feb., 102
Esophagogastrostomy, for carcinoma, of lower thoracic esophagus, *1954:* Aug., 984
of midthoracic esophagus, *1954:* Aug., 987

Esophagojejunostomy, *1952:* Oct., 1436, 1437
intrathoracic, *1954:* Aug., 989
subcutaneous, *1954:* Aug., 991
substernal, *1954:* Aug., 992
Esophagoplasty, by polythene tube, *1954:* Aug., 990, 991
colonic, *1954:* Aug., 990
extrathoracic, *1954:* Aug., 990
Esophagoscopy, anesthesia for, *1953:* June, 860
Esophagus, atresia, *1952:* Dec., 1646
benign lesions, surgical treatment, *1954:* Aug., **979–995**
burns, corrosive, early management, *1954:* April, **343–351**
late treatment, *1954:* April, **353–361**
carcinoma, *1953:* April, **389–400;** *1954:* Feb., **53–61**
primary, *1953:* April, 390
surgical treatment, *1954:* Aug., **979–995**
and end results, *1953:* April, **389–400**
dilation, in corrosive burns, *1954:* April, 349
diverticula. See under *Diverticulum.*
growths, involving mediastinum, *1953:* April, 426, 427
hiatus, herniations through, surgical treatment, *1952:* Oct., 1420
injuries, *1954:* Aug., 956
lesions, benign, diagnosis, *1952:* Dec., **1645–1656**
operations, anesthesia for, *1954:* Aug., 1014
perforation, *1952:* Dec., 1647
reconstruction, *1954:* Aug., **979–995**
rupture, spontaneous, *1952:* Dec., 1648
"short," *1952:* Oct., 1420
congenital, *1952:* Dec., 1646
stenosis, *1952:* Dec., 1646, 1647
strictures, caustic, antethoracic jejunal substitution operation, technique, *1954:* April, 356
dilatations in, *1954:* April, 349
late treatment, *1954:* April, **353–361**
tumors, benign, *1952:* Dec., 1654
varices, *1952:* Dec., 1653
bleeding, *1954:* Feb., 114
in portal hypertension, suture of, *1953:* Aug., 980
vascular rings, congenital, *1952:* Dec., 1646
webbing of, *1952:* Dec., 1647
congenital, *1952:* Dec., 1646
Estradiol benzoate in osteoporosis, *1953:* Dec., 1754
Estradiol dipropionate in osteoporosis, *1953:* Dec., 1754
Estrogen therapy, in carcinoma of breast, *1953:* April, 319; *1954:* Oct., 1330
Estrogen therapy, in carcinoma of prostate, *1954:* Oct., 1332
in dysfunctional bleeding, *1953:* Feb., 190
restriction on, in prevention of carcinoma of uterus, *1953:* Feb., 252
Ether anesthesia. See under *Anesthesia.*
Euphoretic agents, ACTH and corticoids as, *1954:* Oct., 1213
Evans test of blood volume, *1952:* Dec., 1791
Ewing's sarcoma in differential diagnosis of hematogenous osteomyelitis, *1953:* Dec., 1671
Ewing's tumor, *1952:* Dec., 1752
Examination(s), cytologic, of gastric sediment in cancer, *1952:* April, 595, Oct., 1429
special, in differential diagnosis of genitourinary conditions, *1952:* Dec., 1696
Exenteration operation, for bladder cancer, *1953:* April, 510, 513
for cervical cancer, *1953:* Feb., 263, April, **585–592;** *1954:* April, 308, 311, 312
Exercises, in pregnancy, *1953:* Feb., 164
postural, Buerger's, *1953:* Aug., 959
Exophthalmos, malignant, after thyroid surgery, *1953:* June, 876
surgical treatment, *1952:* Aug., **991–1003**
Exostosectomy, simple, for hallux valgus, *1952:* June, 736
Exostoses, cartilaginous, roentgen diagnosis, *1952:* Dec., 1757
subungual, *1953:* Oct., 1521
Exstrophy of bladder, *1952:* Feb., 318
Extension injuries of cervical spine, *1953:* Dec., 1592
Extensor pollicis brevis in stenosing tenovaginitis, *1953:* Oct., 1321, 1326
Extracellular fluid, changes in, during pregnancy, *1954:* Dec., 1538
Extremity, lower, varicose veins, management, *1952:* June, **961–971**
Exudate, fluid, role in acquired topical resistance, *1953:* Oct., 1430
Eye, burns, chemical, *1953:* Aug., 1107
foreign body in, *1953:* Aug., 1106
injuries, *1953:* Aug., **1105–1114**
Eyebrows, injuries, *1953:* Aug., 1111
Eyelids, injuries, *1953:* Aug., 1100, 1111

FACE, bones of, pain in, *1952:* Dec., 1603
injuries, disfiguring, of exposed parts, *1953:* Aug., **1095–1104**
neuralgic pain in, *1952:* June, 765, 766
pain, role of nerve of Wrisberg in, *1954:* Jan., **847–851**
presentations, management, *1953:* Feb., 138
saddle block anesthesia in, *1953:* Feb., 56

Face, surgery of, bone grafts in, *1954:* April, **375–401**
Fallopian tube, carcinoma, *1954:* Dec., 1648
Fallot, tetralogy of. See *Tetralogy of Fallot.*
Fascia, lumbodorsal, surgical anatomy, *1952:* April, 560
of abdominal wall, surgical anatomy, *1952:* April, 547, 548
reinforcements, in repair of inguinal hernia, *1952:* Feb., 151
removal, in Dupuytren's contracture, *1952:* Feb., 234
transversalis, surgical anatomy, *1952:* April, 561
Fat(s), metabolism, disturbances, *1953:* Dec., 1749
role in nutrition, *1954:* Oct., 1241
Fat embolism, *1954:* Oct., 1271
Fat layer, subserous, of abdominal wall, *1952:* April, 564
Feeding tube, naso-esophageal, *1953:* April, 346
Feet. See *Foot.*
Femoral artery, arteriosclerotic occlusion, surgical treatment, *1954:* April, **403–414**
Femoral hernia, repair, in aged, *1954:* June, 769
Femoral vein, ligation, in thromboembolic disease, *1954:* Oct., 1280
Fetal distress as cause of stillbirths, *1954:* Dec., 1501
Fetus, complications of hypertensive disease involving, *1953:* Feb., 31
excessive size, management in labor, *1954:* Dec., 1587
indications for cesarean section, *1953:* Feb., 115
malformations, management in labor, *1954:* Dec., 1587
management in labor, *1954:* Dec., 1587
prophylactic, *1954:* Dec., 1586
Fetopelvic disproportion, saddle block anesthesia and, *1953:* Feb., 48
Fever as diagnostic problem in obstetrical patients, *1952:* Dec., 1712
Fibrin emboli, *1954:* Dec., 1602
Fibroblastoma, perineurial, *1954:* Aug., 1168, 1170
Fibroids, of cervix, hemorrhage in late pregnancy due to, *1953:* Feb., 24
of stomach, *1953:* April, 440
of uterus. See under *Uterus.*

head, and neck, as symptom of carcinoma, *1952:* Dec., 1602
differential diagnosis, *1952:* Dec., 1603
intractable, lobotomy for, *1952:* June, 769
neurosurgical aspects, *1952:* June, **763–770**
in biliary-pancreatic cancer, *1953:* April, 473
in diagnosis of uterine cancer, *1952:* Dec., 1730
in frozen shoulder, *1953:* Dec., 1715
intractable, prefrontal lobotomy for, *1952:* Feb., 229
progress report of 64 patients, *1952:* June, **787–789**
low back, pantopaque myelography in, *1952:* June, **695–703**
neurologic, *1952:* Dec., 1603
pathways, visceral, anatomy, *1954:* Feb., 271
psychogenic, *1952:* Dec., 1604
relief in labor, recent trends, *1953:* Feb., 41
sciatic, pantopaque myelography in, *1952:* June, **695–703**
Painful states, sympathectomy in, *1954:* Aug., 1185
Palate, adenocarcinoma, *1952:* Aug., 1164
carcinoma, present status, *1954:* June, **663–672**
cleft, surgical technique in, *1952:* Feb., 165, **171–174**
soft, roentgen examination in carcinoma, *1952:* Dec., 1614
Palmer test in anastomotic ulcer, *1952:* Feb., 38
Palsy. See also *Paralysis.*
ulnar, tardy, *1953:* April, 599
Pancreas, aberrant, of duodenum, *1952:* June, 877
of stomach wall, *1952:* June, **867–875**
annular, *1952:* June, 878
carcinoma, diagnosis, *1953:* April, **461–478**
cysts, *1952:* June, **851–856**
heterotopia, aberrant, *1954:* Feb., 188
tumors, islet-cell, *1952:* Aug., **1079–1086**
Pancreatic tissue, aberrant, in stomach, *1953:* April, 434
Pancreatitis, acute, in aged, *1954:* June, 748, 756
chronic and recurrent, after biliary tract surgery, *1954:* Feb., 180
carcinoma in relation to, *1953:* April, 463, 464
postoperative, in biliary tract surgery, *1954:* Oct., 1388
in gastroduodenal surgery, *1954:* Oct., 1400
Pancytopenia, splenic, splenectomy in, *1954:* Feb., 133
Pantopaque myelography in low back and sciatic pain, indications and technique, *1952:* June, **695–703**
Papanicolaou smear, in bleeding, abnormal, *1953:* Feb., 186
in diagnosis, of cervical cancer, *1953:* April, 544
of uterine cancer, *1952:* Dec., 1734
positive, significance of, *1954:* June, **785–790**
Papilloma, in differential diagnosis of carcinoma of larynx, *1952:* Dec., 1639
of bladder. See under *Bladder.*
Paraffin granuloma, *1952:* Aug., 1239
Paraffinoma, peritoneal, postoperative, *1952:* June, 905
Paralysis, infantile. See *Poliomyelitis.*
median, tardy, *1953:* April, 600
nerve, contiguous, in inoperable lung cancer, *1952:* Dec., 1670
in supracondylar fracture of humerus in children, *1952:* June, 759
recurrent laryngeal, surgical relief in, *1953:* June, **879–885**
ulnar, tardy, *1953:* April, 599
Paraplegics, care, recent advances, *1952:* Feb., 226
Parathormone in bone metabolism, *1953:* Dec., 1748
Parathyroid adenoma. See *Adenoma.*
Parathyroid glands, adenoma of, *1953:* June, **727–737**
anatomy, *1952:* Aug., 1122, 1131
surgical, *1952:* Aug., 1031
carcinoma, *1952:* Aug., 1037
pathologic diagnosis, *1952:* Aug., 1051
hyperactivity, pathologic diagnosis, *1952:* Aug., **1043–1052**

Parathyroid glands, hyperactivity, roentgen diagnosis, *1952:* Aug., **1017–1030**
surgical treatment, *1952:* Aug., **1031–1042**
hyperplasia, pathologic diagnosis, *1952:* Aug., 1047, 1049
primary or Wasserhelle, *1952:* Aug., 1036
palpation, *1952:* Dec., 1613
surgery, anesthesia for, *1952:* Aug., 1113
tumors, *1953:* June, 831
Parathyrotoxicosis, *1953:* Dec., 1750
Paratracheal cyst, *1954:* Aug., 971
Parenteral fluids, in gastrointestinal surgery, *1954:* Feb., **3–16**
in surgery, *1952:* April, 465
Parietes, thoracic, lesions, in infants and children, *1952:* Oct., **1397–1424**
Paritol, action and uses, *1952:* April, 374
Paronychia, *1953:* Oct., 1269
Parotid gland, palpation, *1952:* Dec., 1612
tumors, *1952:* Feb., **175–193**
mixed, *1953:* June, 655
radiation therapy, *1952:* Feb., 188, 192
Parotid region, anatomy, *1952:* Feb., 176, 179
Parotidectomy, radical, technique, *1952:* Feb., 187
simple, technique, *1952:* Feb., 183
total, technique, *1952:* Feb., 186
Patellectomy, complete, for osteoarthritis of knee, results, *1953:* Dec., **1731–1736**
technique, *1953:* Dec., 1733
Patient willingness as criterion in elective induction of labor, *1954:* Dec., 1547
Pauwels subtrochanteric osteotomy, *1953:* Dec., 1721
Pectus excavatum, *1952:* Oct., 1398
operation for, *1952:* Oct., 1400
Pediatric surgery, symposium on, *1952:* Oct., **1273–1424**
Pediatrics, pre- and postoperative care in, *1954:* Oct., **1463–1471**
Pedicle grafts. See *Skin grafts, pedicle.*
Pelvis, abscess, treatment, *1953:* Feb., 276
architecture, *1954:* Dec., 1573
carcinoma, clinical history, *1954:* Dec., 1641
cytologic studies, *1954:* Dec., 1643
evaluation as guide to treatment, *1954:* Dec., 1649
evaluation of patient with, *1954:* Dec., **1639–1652**
purpose and principles, *1954:* Dec., 1639
examination, *1954:* Dec., 1641
histologic studies, *1954:* Dec., 1643
Pelvis, carcinoma, intensive detection program, value, *1953:* April, **525–539**
plan of evaluation, *1954:* Dec., 1640
specific problems, *1954:* Dec., 1643
disporportion, lack of, as criterion in elective induction of labor, *1954:* Dec., 1547
examination, bimanual, in uterine cancer, *1952:* Dec., 1733
in aged persons, *1954:* Dec., 1629
in children and virgins, *1952:* Dec., 1734
in pain of female genital origin, *1952:* Dec., 1718
in pregnancy, *1952:* Dec., 1734
exenteration, for bladder cancer, *1953:* April, 510, 513
for cervical cancer, *1953:* Feb., 263, April, **585–592**
in carcinoma of rectum, *1952:* Oct., 1495
findings, as criterion in elective induction of labor, *1954:* Dec., 1547
inflammatory disease, *1953:* Feb., **269–277**
inlet, contraction criteria, *1954:* Dec., 1567
inlet dystocia, management, *1954:* Dec., 1584
midplane, contraction criteria, *1954:* Dec., 1572
outlet, contraction criteria, *1954:* Dec., 1573
pneumography in sterility, *1953:* Feb., 180
relaxation, test of, in uterine cancer, *1952:* Dec., 1733
types, correlation with clinical and x-ray findings, table, *1954:* Dec., 1563
variations, *1953:* Feb., 131, 132
Penicillin, in abortion, *1952:* Dec., 1724
in bites, human, *1953:* Oct., 1271
in carbuncles, *1953:* Oct., 1275
in cellulitis, *1953:* Oct., 1272
in furuncles, *1953:* Oct., 1275
in intraperitoneal rupture of tuboovarian abscess, *1952:* Dec., 1722
in lymphangitis, *1953:* Oct., 1272
in osteomyelitis, hematogenous, *1953:* Dec., 1672

Spot biopsy in uterine cancer, *1952:* Dec., 1736
Springwater cysts, *1954:* Aug., 971
Sputum, examination, in carcinoma of lung, *1954:* Aug., 922
Stanolone in carcinoma of breast, *1954:* Oct., 1331
Stasis disease, venous, treatment, *1952:* Feb., 280
Stein-Leventhal syndrome, *1953:* Feb., 281
Sterility, diagnosis and treatment, *1954:* Dec., **1711–1717**
investigation of, adequate, *1953:* Feb., **171–181**
Sterilization, tubal, through colpotomy incision, *1953:* Feb., 199
with cesarean section, *1953:* Feb., 98
Sternum, split or bifid, *1952:* Oct., 1397
Steroid metabolism, therapeutic alterations of, in management of advanced carcinoma, *1954:* Oct., **1321–1335**
Stillbirths, causes, classification of, *1954:* Dec., 1496
nonpreventable, *1954:* Dec., 1502
preventable, due to patient responsibility, *1954:* Dec., 1501
due to physician responsibility, *1954:* Dec., 1498
prevention, *1954:* Dec., **1495–1511**
materials and methods, *1954:* Dec., 1495
Stoma, malfunctioning, after gastroduodenal surgery, *1954:* Oct., 1400
Stomach, aberrant pancreatic tissue in, *1954:* Feb., 188
adenoma, *1953:* April, 433
antrum, role in interpretation of cholecystograms, *1952:* June, **847–850**
carcinoma, *1952:* Oct., **1425–1438**
diagnosis, *1952:* April, 591, Oct., 1427
roentgenographic, *1952:* Oct., 1428
experience at New York Hospital, *1952:* April, **587–598**
gastrectomy, total, esophagoduodenostomy after, *1954:* April, **441–456, 457–471**
in elderly patient, *1954:* June, **711–719**
primary, multiple, *1952:* Aug., **1197–1202**
Stomach, carcinoma, "second look" operation, *1952:* Oct., 1435
surgical treatment, *1952:* Oct., 1430
ulcer and, relationship, *1952:* Oct., 1430
with extension to lower exophagus, *1953:* April, 393
contents, aspiration, preanesthetic, in trauma ,*1953:* Aug., 1208
cysts, *1953:* April, 434
leiomyoma, *1952:* Feb., 111; *1953:* April, 434, 435
lipomas, *1953:* April, 434
lymphosarcoma, *1952:* Feb., **117–133**
mucosa, prolapse of, *1954:* April, **495–508**
neurofibroma, *1953:* April, 434, 437
operations, complications, *1954:* Oct., 1399
pre- and postoperative management in, *1954:* Oct., **1391–1402**
polyposis, *1952:* June, **857–865**
polyps, *1953:* April, 433, 438, 439
resection, Billroth II-Polya-Hofmeister, modified, *1952:* Feb., 47
Hofmeister, modified, roentgen study of function after, *1952:* June, **829–835**
in anastomotic ulcer, *1952:* Feb., 39, 40
tumors, benign, *1953:* April, **433–442;** *1954:* Feb., 192
malignant potential, *1953:* April, 437
ulcer. See also *Peptic ulcer.*
carcinoma and, relationship, *1952:* Oct., 1430
surgical treatment, *1954:* Feb., **87–94**
vagotomy in, *1952:* Feb., 29
wall, aberrant pancreas in, *1952:* June, **867–875**
Stones. See *Calculi.*
Streptokinase-streptodornase in chronic infections of feet, in diabetic and arteriosclerotic patients, *1954:* April, **415–421**
involving bones and joints, *1952:* April, **405–417**
Streptomycin, in pelvic inflammatory conditions, *1953:* Feb., 275
in surgical infections, *1952:* April, 390; *1954:* Oct., 1306
prophylactic use, in surgery of aged, *1954:* June, 611
Stress, topical, inflammation as manifestation of, *1953:* Oct., 1418
Stroke, brain tumor simulating, *1954:* June, **643–654**
Struma, Hashimoto's, *1952:* Dec., 1633
Riedel's, *1952:* Dec., 1633
Struma lymphomatosa, *1952:* Dec., 1633; *1953:* June, 742
Struma ovarii, *1953:* Feb., 284, 299
Subarachnoid hemorrhage, management, *1954:* Aug., 1064

Subclavian artery, right, anomalous, surgery of, *1952:* Feb., 252
Subcuticular infection, *1953:* Oct., 1270
Subdural hematoma, treatment, *1954:* Aug., 1089
Sublingual glands, palpation, *1952:* Dec., 1612
Submaxillary gland, palpation, *1952:* Dec., 1612
tumors, *1953:* June, **671–675**
mixed, *1953:* June, 655
Subphrenic abscess following biliary tract surgery, *1954:* Oct., 1388
Subvalvular stenosis, *1952:* Dec., 1833
Suction, funnel tip, for removal of rectal adenomas, *1954:* April, 563
Sulfasuxidine in surgical infections, *1954:* Oct., 1301
Sulfathalidine in surgical infections, *1954:* Oct., 1301
Sulfonamides in surgical infections, *1952:* April, 388; *1954:* Oct., 1301
Surgery, ambulant, symposium on, *1953:* Oct., **1227–1416**
anticoagulant therapy in, role of, *1952:* April, **369–386**
cardiac arrest during, *1954:* Oct., **1289–1298**
gastrointestinal. See *Gastrointestinal Surgery.*
minor, infections in, treatment, *1953:* Oct., **1261–1278**
orthopedic, symposium on, *1953:* Dec., **1543–1774**
recent advances, symposium on, *1952:* Feb., **1–340**
vascular, nonsuture methods, *1952:* April, 536
Surgical patient, total care of, symposium on, *1954:* Oct., **1199–1477**
Suture lines, leakage, after gastroduodenal surgery, *1954:* Oct., 1399
Sutures, in vascular surgery, *1952:* April, 532
of wounds, *1952:* April, 427
Swenson's operation for aganglionic megacolon, *1952:* Aug., 1210
Sympathectomy, *1954:* Aug., **1173–1188**
in degenerative organic vascular disease, *1953:* Aug., 960
in painful states, *1954:* Aug., 1185
in peripheral vascular disease, *1952:* Feb., 267; *1954:* Aug., 1175
in postphlebitic ulcers, *1953:* Oct., 1239
in vasospastic functional disease, *1953:* Aug., 956; *1954:* Aug., 1184
in venous stasis disease, *1952:* Feb., 282
in visceral pain, *1954:* Feb., 274
limitations, *1954:* Aug., 1173
lumbar, anatomical pitfalls, *1952:* April, 552
Sympathectomy, lumbar, for arteriosclerotic occlusion of arteries, *1954:* April, 407
in postphlebitic syndrome, *1953:* Aug., 1035
types, *1954:* Aug., 1180
surgical, in postphlebitic syndrome, *1953:* Oct., 1241
Sympathetic block, cervicodorsal, in vasospastic functional disease, *1953:* Aug., 956
lumbar, in vasospastic functional disease, *1953:* Aug., 957
Syncurine in thyroidectomy, *1953:* June, 766
Syndactylism, *1953:* Oct., 1379
Synovitis, radiohumeral, anatomic findings, *1953:* Oct., 1363
as cause of persistent elbow pain, *1953:* Oct., **1363–1371**
diagnosis, *1953:* Oct., 1369
pathogenesis, *1953:* Oct., 1367
treatment, *1953:* Oct., 1369
transient, of hip, in differential diagnosis of hematogenous osteomyelitis, *1953:* Dec., 1670
Syphilis, of cervical lymph nodes, *1953:* June, 708
post-transfusion, *1954:* Feb., 283
Syringomyelocele, *1952:* Oct., 1329

Talc granuloma, *1952:* Aug., 1238
Tapazole, in hyperthyroidism, *1952:* Feb., 156
preoperative, *1954:* Oct., 1360, 1361
Tarsorrhaphy, lateral, permanent, *1952:* Feb., 190
Techniques, new, in surgery, rationale and methods, symposium on, *1954:* April, **291–579**
Temperatures, body, basal, in ovulation timing, *1953:* Feb., 173
Tendinitis, calcareous, *1952:* Dec., 1764
clinical features, *1952:* Dec., 1765
pathogenesis, *1952:* Dec., 1765
surgery of, ACTH, cortisone and hydrocortisone in, *1954:* Oct., 1210
Tendon(s), of gluteus medius and minimus, peritendinitis calcarea of, *1952:* Aug., 1221
repair, in hand injuries, *1953:* Aug., 1088
sheath, infection, *1953:* Oct., 1270
involved in stenosing tenovaginitis, *1953:* Oct., 1330
transplantation in treatment of paralytic valgus foot, *1953:* Dec., **1737–1743**
Tenosynovitis, bicipital, *1952:* Dec., 1762; *1953:* Dec., **1693–1702**
anatomical factors and, *1953:* Dec., 1695
anomalies and, *1953:* Dec., 1696
clinical features, *1952:* Dec., 1763; *1953:* Dec., 1697
course, *1953:* Dec., 1697

Tenosynovitis, bicipital, degenerative processes, *1953:* Dec., 1696
etiology, *1953:* Dec., 1694
functional demands and, *1953:* Dec., 1695
incidence, *1953:* Dec., 1694
pathology, *1953:* Dec., 1694
treatment, *1953:* Dec., 1698
Tenovaginitis, stenosing, *1953:* Oct., **1317–1347**
anatomy, *1953:* Oct. 1319
anomalies in, *1953:* Oct., 1322
diagnosis, *1953:* Oct., 1326
differential diagnosis, *1953:* Oct., 1328
mechanics, *1953:* Oct., 1319
operation for, *1953:* Oct., 1337
pathology, *1953:* Oct., 1335
postoperative care, *1953:* Oct., 1340
signs and symptoms, *1953:* Oct., 1326
recovery without operation, *1953:* Oct., 1343
treatment, *1953:* Oct., 1336
types of involvement, *1953:* Oct., 1331
Teratoma, of mediastinum, *1953:* April, 422, June, 828; *1954:* Aug., 965
of neck, *1952:* Oct., **1389–1395**
of ovary, *1953:* Feb., 284
of testis, *1952:* Aug., 1089
Terramycin, in abortion, *1952:* Dec., 1724
in carbuncles, *1953:* Oct., 1275
in furuncles, *1953:* Oct., 1275
in intraperitoneal rupture of tubo-ovarian abscess, *1952:* Dec., 1722
in salpingo-oophoritis, *1952:* Dec., 1722
in surgical infections, *1952:* April, 392; *1954:* Oct., 1308
in urinary tract infections, *1952:* Feb., 313
preoperative, for mitral commissurotomy, *1952:* Dec., 1819
Testicle. See *Testis.*
Testis, carcinoma, collaboration of irradiation and surgery in, *1954:* Oct., 1347
tumors, treatment, *1952:* Aug., **1087–1091**
Testosterone, in carcinoma of breast, *1954:* Oct., 1330
in osteoporosis, *1953:* Dec., 1754
Tetanus, prevention, in wounds of hand, *1953:* Oct., 1293
Tetracycline in surgical infections, *1954:* Oct., 1308
Tetracyn in surgical infections, *1954:* Oct., 1308
Tetralogy of Fallot, *1952:* Oct., 1273
diagnostic features, *1952:* Oct., 1277
operative technique, *1952:* Feb., 255, Oct., 1279
Tetralogy of Fallot, surgical treatment, *1952:* Feb., 255
anesthesia in, *1952:* April, 659
present status, *1954:* Aug., 907
Thalamotomy, value, *1952:*Feb., 228
Theca cell tumor of ovary, *1953:* Feb., 289, 297
Thoraco-abdominal operations, combined, in treatment of surgical, abdominal lesions, *1954:* Feb., **95–112**
Thoracoplasty in tuberculosis, *1954:* Aug., 936
Thoracotomy, diagnostic, in tumors of mediastinum, *1954:* Aug., 962
exploratory, in lung cancer, *1952:* Dec., 1668; *1954:* Aug., 923
Thorax, examination, in carcinoma of lung, *1954:* Aug., 922
injuries, *1953:* Aug., **1069–1080**; *1954:* Aug., **951–958**
management, initial, *1954:* Oct., 1459
penetrating and nonpenetrating, *1953:* Aug., 1075; *1954:* Aug., 953, 955
surgery of, anesthesia in, *1954:* Aug., **1007–1018**
in aged and debilitated patient, *1954:* June, **681–686**
open, surgical principles, *1952:* April, **515–522**
symposium on, *1954:* Aug., **873–1018**
wall, deformities, *1952:* Oct., 1397
tumors, in children, *1952:* Oct., 1405
Thorn test, *1952:* April, 353
Thorotrast in roentgenography of intracranial aneurysm, *1952:* Dec., 1573
Thrombectomy, auricular, in mitral stenosis, *1954:* Aug., 887
Thrombitis. See *Thrombophlebitis.*

pulmonary, pregnancy and, *1953:* Feb., **35–40**
resection in, indications, *1952:* April, 508
surgical treatment, *1954:* Aug, **931–949**
Tumor(s), adenomatous, villous, papillary, *1953:* Oct., 1395
adnexal, in pregnancy, *1952:* Dec., 1727
argentaffin, of large bowel, *1952:* Oct., 1519
Brenner, *1953:* Feb., 291
carcinoid, of large bowel, *1952:* Oct., 1519
rectal, *1953:* Oct., 1395
characteristics in inoperable lung cancer, *1952:* Dec., 1670
emboli from, *1954:* Oct., 1275
Ewing's, *1952:* Dec., 1752
fibroid, complicating pregnancy, *1952:* Dec., 1712

Tumor(s), giant cell, of bone, *1952:* Dec., 1755
of jaws, *1952:* Aug., 1171
intracranial, diagnosis, new methods, *1952:* April, **491–503**
Krukenberg, *1953:* Feb., 290
neurogenic, *1952:* Dec., 1681
Sampson's, *1953:* Feb., 290
subcutaneous, surgery of, present trends, *1952:* Feb., 196
teratoid, *1952:* Dec., 1679
Twin pregnancy, regional anesthesia for delivery, *1953:* Feb., 56

Ulcer, anastomotic, management, *1952:* Feb., **35–45**
arteriosclerotic, *1954:* June, 825
duodenal. See *Peptic ulcer.*
gastric. See *Peptic ulcer* and *Stomach, ulcer.*
gastrojejunal, management, *1952:* Feb., **35–45**
leg, chronic, in aged, *1954:* June, **823–827**
peptic. See *Peptic ulcer.*
postphlebitic. See *Postphlebitic ulcers.*
removal, in subtotal gastrectomy for duodenal ulcer, *1952:* June, **817–827**
varicose, as complication of varicose veins, *1953:* Oct., 1254
differential diagnosis, *1953:* Oct., 1254
in aged, *1954:* June, 823
management, *1953:* Oct., **1245–1260**
postphlebitic, *1954:* June, 824
Ulcerative colitis. See *Colitis, ulcerative.*
Ultrasonics in localization of brain tumor, *1952:* April, 501
Umbilical cord, prolapse of, as cause of stillbirths, *1954:* Dec., 1500, 1507
Urban operation for carcinoma of breast, *1953:* April, 324–326
Uremia, treatment, artificial kidney in, *1954:* April, **423–440**
Ureter, ectopic, with vaginal terminus, *1954:* Dec., 1624
injuries, surgical, *1954:* Oct., 1436
prevention, *1954:* Oct., 1436
meatotomy, *1952:* Oct., 1387
reimplantation of, in children, *1952:* Oct., 1387
repair, methods, *1954:* Oct., 1440
Ureterosigmoidostomy in bladder tumors, *1952:* Feb., 306
Ureterostomy, dermal, *1952:* Feb., 306
Urethra, diverticulum, in children, *1952:* Oct., 1372, 1380
meatotomy, *1952:* Oct., 1380
meatus, external, stenosis of, in children, *1952:* Oct., 1372, 1380
prolapsed, *1954:* Dec., 1618
stricture, congenital, *1952:* Oct., 1372, 1380
Urethra, upper, vesicovaginal fistulas involving, *1954:* April, **293–302**
Urethrocystography in urological trauma, *1953:* Oct., 1492
Urinary tract, calculi, solvents and aluminum gels in, *1952:* Feb., 308, 317
complications of surgery for gynecologic cancer, *1953:* April, 591
infections, diagnosis, *1952:* Dec., 1703
postoperative, *1954:* Oct., 1450
injuries, surgical, *1954:* Oct., 1435
traumatic, management, immediate, *1954:* Oct., 1460
obstruction, in children, diagnosis and management, *1952:* Oct., **1371–1388**
surgery of, complications following, *1954:* Oct., **1435–1454**
tuberculosis, *1952:* Feb., 308
Urination, drugs and other measures to aid, 1954: *Oct.*, 1449, 1450
Urine, residual, in urinary tract obstruction in children, *1952:* Oct., 1377
retention, postoperative, *1954:* Oct., 1448
Urography, excretory, in urological trauma, *1953:* Oct., 1487
intravenous, in differential diagnosis of genitourinary conditions, *1952:* Dec., 1697
Urologic surgery, recent advances, *1952:* Feb., **311–313**
Urological trauma, associated lesions and, *1953:* Oct., 1473
diagnosis, *1953:* Oct., **1473–1495**
management, simultaneous, *1953:* Oct., 1475
blood typing and cross matching, *1953:* Oct., 1480
catheterization in, *1953:* Oct., 1486, 1487, 1489, 1492, 1493
cystogram, retrograde, *1953:* Oct., 1489
cystoscopy in, *1953:* Oct., 1492
retrograde pyelography in, *1953:* Oct., 1492
shock treatment, *1953:* Oct., 1480
urethrocystography in, *1953:* Oct., 1492
urography in, *1953:* Oct., 1487
x-ray examination, *1953:* Oct., 1477, 1485
Urticaria, post-transfusion, *1954:* Feb., 282
Uterine forces, abnormal, *1953:* Feb., 125
Uterus, carcinoma, *1953:* Feb., **241–257**; *1954:* June, **791–799**
collaboration of surgery and irradiation in, *1954:* Oct., 1347
cytologic smear in, significance, *1954:* June, **785–790**
diagnosis, *1952:* Dec., **1729–1744**

Uterus, carcinoma, effect of previous treatment, *1952:* Dec., 1731
endometrial, *1953:* Feb., 264
management, *1952:* Dec., 1741; *1953:* Feb., 247, **259–268**
cervix. See *Cervix uteri.*
corpus, adenocarcinoma, *1953:* Feb., **241–257**
examination, in elderly persons, *1954:* Dec., 1634
carcinoma, *1954:* Dec., 1645
management, *1952:* Dec., 1742
fibroids, *1952:* Dec., 1723
causes of bleeding from, *1953:* Feb., 210
complicating pregnancy, *1952:* Dec., 1726
necrosis, *1952:* Dec., 1711
treatment, *1953:* Feb., 212
hypertonic action, *1954:* Dec., 1583
hypotonic action, *1954:* Dec., 1581
morcellation, intravaginal, *1953:* Feb., 203
myomas, *1952:* Dec., 1723
in pregnancy, *1952:* Dec., 1726
prolapse, vaginal repair, *1953:* Feb., 204
rupture, *1952:* Dec., 1726
in pregnancy, *1954:* Dec., **1513–1522**
age of patients, *1954:* Dec., 1514
classification, *1954:* Dec., 1513
diagnosis, *1954:* Dec., 1518
extrinsic manipulations, *1954:* Dec., 1517
fetal mortality, *1954:* Dec., 1521
incidence, *1954:* Dec., 1513
maternal mortality, *1954:* Dec., 1519
noncesarean, causes, *1954:* Dec., 1516
onset, *1954:* Dec., 1515
parity and, *1954:* Dec., 1515
postcesarean, factors in, *1954:* Dec., 1517
site of, *1954:* Dec., 1515
treatment, *1954:* Dec., 1518
tumors, benign, management, *1953:* Feb., **209–229**

VAGINA, absence of, congenital and acquired, surgical management, *1952:* June, **937–944**
atresia, *1954:* Dec., 1622
bleeding from, in obstetrical patients, *1952:* Dec., 1713
carcinoma, *1954:* Dec., 1648
cysts of, benign, *1954:* Dec., 1630
examination, in aged persons, *1954:* Dec., 1629
foreign body in, *1954:* Dec., 1617
inflammatory diseases, *1954:* Dec., 1629
neoplastic disease, *1954:* Dec., 1630
structural defects, *1954:* Dec., 1631
visualization in uterine cancer, *1952:* Dec., 1733
Vaginal approach in gynecologic surgery, *1953:* Feb., **193–207**
Vaginal smears, in ovulation timing, *1953:* Feb., 173
positive, significance of, *1954:* June, **785–790**
Vagotomy, for anastomotic ulcer, *1952:* Feb., 39
prophylactic, *1952:* Feb., 41
for duodenal ulcer, *1954:* Feb., 92
subtotal gastrectomy with, *1952:* June, 826
for peptic ulcer, *1952:* Feb., **29–34**
phrenic nerve interruption with, *1952:* Feb., 49
rationale and general principles, *1952:* April, 580
postoperative care, *1954:* Oct., 1398
Valgus deformity of foot, *1953:* Dec., 1740
Valgus foot, paralytic, tendon transplantation in treatment of, *1953:* Dec., **1737–1743**
Valvulitis, rheumatic, pathology, *1952:* Dec., 1810
Valvuloplasty, for mitral regurgitation, *1954:* Aug., 899
preoperative preparation, ACTH, cortisone and hydrocortisone in, *1954:* Oct., 1209
Varices, esophageal. See under *Esophagus.*
Varicose veins. See *Veins, varicose.*
